

International Varian-Agilent NMR Users Group

Sponsored By MR Resources

April 5, 2018

The Final Agenda for the 2018 IVAN ENC-conference Users Meeting, Saturday April 28th at the Hyatt Regency Grand Cypress Hotel

Here we announce the final agenda of talks for the upcoming IVAN meeting, all-day Saturday, April 28th in the conference hotel, the Hyatt Grand Cypress. We start around 9:00 AM with breakfast registration followed by talks. There is a catered lunch at noon and we will finish with a reception in the late afternoon, all sponsored by MR Resources.

Take note! The IVAN meeting will also include the announcement of the exciting birth of **Q.One Instruments**, a new full-service NMR company, offering complete new NMR systems and console replacements. All are invited to the same location **Sunday morning, April 29th, 9:00 AM to 1:00 PM** for the formal introduction of Q.One Instruments. A full NMR System and workstations will be on display Sunday!

Klemens Kessler from Q.OneTec and Jia Wei from Q.One Instruments will speak at the IVAN meeting Saturday afternoon. There will also be a period just before the afternoon reception to discuss the prospects of Q.One Instruments for Varian/Agilent users.

All ENC and user-meeting attendees are welcome for both the IVAN meeting on Saturday and the formal Q.One Instruments introduction Sunday morning. Take some time from your user meetings, either day, to learn about the exciting new developments!

Final Agenda for the IVAN User Meeting

- 9:00 AM: Breakfast and Registration at the Hyatt
- 10:00 AM: A Welcome to the 2018 IVAN Meeting (Dave Rice, UC Merced)
- 10:05 AM: A Clear Path Forward for Varian/Agilent NMR Users (Jon Webb, CEO of MRR)
- 10:30 AM: The Structure of Baulamycins: Finding a Very Small Needle in a Large Number of Haystacks (Craig Butts, Bristol University)
- 11:10 AM: Structural Characterization of the Rous Sarcoma Virus Capsid Protein in its Tubular Assembly (Bo Chen, University of Central Florida)
- 11:35 AM: New Tools for Spectral Processing and Analysis in NMRPipe (Frank Delaglio, NIST)
- 12:15 PM: A Buffet Lunch will be Served in the Meeting Room
- 1:30 PM: New Software Tools in OpenVnmrJ (Dan Iverson, OpenVnmrJ Solutions LLC)
- 2:10 PM: Practical NUS Processing for BioNMR (Jack Lee, UC Santa Cruz)
- 2:35 PM: New Probes for Varian/Agilent Spectrometers (Klemens Kessler, CEO QOneTEC)
- 3:10 PM: New Consoles for Varian/Agilent NMR Systems (Jia Wei, CEO QOne Instruments)
- 3:35 PM: Quantitative NMR with CRAFT (Krish Krishnamurthy, Chempacker LLC)
- 4:00 PM: A Group Discussion of the new QOne Instruments

Afternoon Reception Sponsored by MR Resources – Open to All ENC and User-meeting Participants.

Registration is now open at <http://www.ivanmr.com>. We prefer that you to preregister, even if you only plan to drop in for a few talks, but drop in, even if you have not registered. If you are already an IVAN member your email will be remembered from last year. If you do not yet have an IVAN login, first click the link to join IVAN and then continue on to register for the meeting. The IVAN web site will also be accessible through the ENC website.

Make your plans for another great IVAN event!

See you at the ENC!

The 2018 Executive Committee of IVAN: Tim Burrow, Frank Delaglio, George Gray, Dan Iverson, Krish Krishnamurthy, Dave Rice, Dave Russell, Mike Strain, Shellie Hammond (MRR), Marty Marek (MRR) and Jon Webb (CEO of MRR)
