

International Varian-Agilent NMR Users Group

Sponsored By MR Resources

Dec 21, 2018

A First Announcement for the 2019 IVAN ENC-conference Users Meeting, Saturday April 6th before the Asilomar ENC in Monterey California

Mark your calendar for the 2019 ENC. MR Resources will once-again sponsor an all-day ENC-IVAN users meeting on Saturday before the Asilomar ENC in Monterey, April 6th 2019. The format will be similar to previous years. We start around 9:00 AM with breakfast registration followed by talks. There will be a catered lunch at noon and we will finish with a reception in the late afternoon beginning about 4:00 PM. We are in the process of arranging the same 2017 location at the Monterey Marriott near Fisherman's Wharf. More details about the location and the preliminary agenda will appear in January.

Planning for the agenda is now in progress. We invite all of your comments about topics and/or your speaker recommendations. This year we are particularly looking for participants and some talks from Europe, Mexico, and Central and South America. Clint Gouveia, and Chris Morris of MR Resources Europe extend a particular invitation to European Varian/Agilent users. Many of us remember Ramon Rosales, formerly of Varian/Agilent, who now along with Don Bouchard represents MRR and IVAN for Mexico and Central America and South America. You will know Don Bouchard from San Diego if you have had an Anasazi NMR instrument. Chris, Ramon and Don are now members of our Executive Committee and are good contacts to learn about IVAN.

In general contact Krish Krishnamurthy (chempacker@gmail.com) or Dave Rice (drice2@ucmerced.edu) with suggestions for the agenda – or anyone else from the Executive Committee. IVAN talks should be of a research or tutorial nature concerning Varian/Agilent applications software and hardware. We are also further expanding the Executive Committee, if you would like to participate in planning the agenda.

2019 registration is now open at <http://www.ivanmr.com>. We hope you will preregister, even if you only plan to drop in for a few talks, but on-site registration will be available. If your plane arrives Saturday try to get to the afternoon reception! If you are already an IVAN member your email will be remembered from previous years. If you do not yet have an IVAN login, first click the link to join IVAN and then continue on to register for the meeting. The IVAN web site will also be accessible through the ENC website.

Make your plans for another great IVAN event!

See you at the 2019 ENC!

The 2019 Executive Committee of IVAN: Tim Burrow, Craig Butts, Frank Delaglio, George Gray, Dan Iverson, Krish Krishnamurthy, Dave Rice, Dave Russell, Mike Strain, Don Bouchard (MRR San Diego), Marty Marek (MRR Chicago), Chris Morris (MRR Europe), Ramon Rosales (MRR Mexico) Shellie Hammond (MRR) and Jon Webb (CEO of MRR)
