Sponsored by MR Resources and Q.One Instruments

Our Eighth IVAN Research Round-table Workshop on Thursday April 8th, 2021 at Noon EDT.

“CRAFT – A Perspective”

Krish Krishnamurthy of Chempacker LLC will lead a discussion on various aspects of CRAFT technique and provide a perspective.

Our next round-table workshop “Craft – A Perspective” will take place on Thursday April 8th 2021 at Noon EDT.

Krish Krishnamurthy of Chempacker LLC will lead a discussion on various aspects of CRAFT technique and provide a perspective. The panel will include Dr. David Russell of Genentech, Dr. Gennady Khirich of Genentech and Dr. Andrea Sefler, an NMR consultant.

A variety of topics primarily focusing on the applications aspect of CRAFT will be discussed by the panel. Topics include, but are not limited to, analysis of complex mixtures, example of 2D qNMR, and challenges with complex 2D spectra with highly truncated interferograms.

Also, next week plan to attend our pre-ENC, Zoom IVAN meeting for Sunday March 28th. The theme is “IVAN Live from Asilomar”! Join us from 10:00 AM EDT to about 3:00 PM EDT for fun and prizes as well as good talks! Yes, we will be live from Asilomar over Zoom. Relax on Sunday and get your fix of Asilomar hospitality with IVAN this year!

As always, we encourage you to visit the IVAN web page <http://ivanmr.com>! Eric has completely updated these pages and you will find the complete schedule of upcoming workshops along with YouTube links for past recordings. Make that page your home to plan ahead. Don't just wait for these emails!
